

HEALTH CHECK - STEPS FOR CHILDREN AND ADULTS

1. Wash hands

2. Adult conducting health screening wears cloth facial covering, disposable gloves, and eye protection.

3. Check temperature

Temperature greater than 100.4 F must go home.

4. Questions

Do they feel unwell with any symptoms consistent with COVID-19? Have they been in close contact with a person who has COVID-19? Ask adults if child is unable to answer.

5. What do you see?

Make a visual inspection of the child for signs of infection, which could include fever, sneezing/ coughing, flushed (red) cheeks, runny nose, fatigue, extreme fussiness, etc. Ill children must go home.

6. What bumps and bruises do you see?

Ask about any scrapes, cuts or bruises and document.

7. Remove gloves and wash hands

Change gloves between health checks, and wash hands if feasible.

8. Child washes hands

Child washes hands prior to joining group.
